YOU'RE ALL IN

**SO, LET'S FINISH
STRONG!**

You're all in...So, let's finish strong!

You're almost there!

You have been doing the work and your campaign is growing. Your goal is not that far off.

With every donation your donors received a thank you and a receipt for their donation. These are important and they happen automatic. But they have little impact compared to the thank you coming personally from you.

Important!

Keep the updates going (every 5-7 days). Keep sharing your progress and the happenings until the very end. People really want to know what is going on. Many donors will donate a 2nd time when they see you are close and you have not let up.

As you hit 80% thank your donors for their belief and support. Do this 1st in one of your updates. Then go to your dashboard and use the 'Thank you' button next to each donors name. (Never do a bulk thank you) Send each donor a personal thank you. It's fast and it is always very appreciated.

Everyone loves to be thanked.

As you hit 100% do a short Selfie video then post it with an update and graciously thank all your donors.

3 Key Points

Keep the updates going (every 5-7 days) until the very end.

At 80% raised send “thank you’s” with an update and with personal “thank you’s” from the dashboard.

At 100% raised do a short ‘selfie’ video then post it on an update and graciously thank everyone.

Helping People Connect with Their Community

The Move Your Mountain team is here for you. We are a young team that is made up of true overcomers. We are cancer and accident survivors, we are champion athletes, we are brothers, sisters, moms and dads. Several of us have even dealt with the loss of loved ones. Our team is passionate about helping others overcome their challenges or help them win in their opportunities. We believe that the first and best people to help are often the ones who know how it feels to fall or how it feels to rise up to a great opportunity and win.

Move Your Mountain was created to help the large number of people who need a place to tell their story and raise support. So, we built a platform that connects people to the heartbeat of their community with unique tools and passionate outreach. Our system is easy to use, nationally trusted, and very effective.

Move Your Mountain provides dedicated “Mentors” to help with the entire fundraising process. You never have to go through this alone. Our team shares your story with the crowd while you share your campaign with friends and family. No other site does that. We have helped thousands this year already.

All types of people and organizations use Move Your Mountain. What is important to you is what we make important to us.

We look forward to connecting with you.

The Move Your Mountain Team
